

ANGSANA HEALTH partners ALPRO PHARMACY

Supporting Future-Fit, a 6-month digital weight loss program paired with a GLP-1 agonist.

KUALA LUMPUR – TUESDAY, 7 July 2026

The Partnership Angsana Health Sdn Bhd (“Angsana”) and Alpro Pharmacy Sdn Bhd (“Alpro”) are pleased to announce a strategic partnership under which Alpro Pharmacy will become an official dispensing partner for Angsana’s Future-Fit program in Malaysia, for corporate clients and individual patients.

Future-Fit by Angsana is a 6-month digital weight loss program paired with a GLP-1 agonist, designed to address the nation's rising obesity and NCD crisis. Future-Fit has five components:

1. Consultations delivered by medical doctors, dietitians and pharmacists.
2. Digital tools for progress tracking, a library of resources and a Side Effects Care Package via the Angsana WebApp.
3. A Diet Plan personalized for users based on their age and other medical factors.
4. An Exercise Plan to retain muscle mass while supporting weight loss
5. A GLP-1 medication approved for weight loss with proven results.

By combining the Angsana digital platform and rigorous clinical supervision with the trusted and extensive nationwide Alpro pharmacy infrastructure, the partnership ensures a safe, reliable and convenient experience that supports individuals to achieve sustainable health outcomes.

“We are grateful to partner with Alpro Pharmacy, given their nationwide retail footprint and trusted dispensing track record,” said Dr Khor Swee Kheng, CEO of Angsana. “Our combined clinical networks will accelerate our shared ambition of delivering an accessible and digital-first metabolic health reset for clients across Malaysia.” “By integrating Alpro’s trusted network with Angsana’s digital health ecosystem, we are creating a seamless, compliant pathway for corporate clients and patients to safely access doctor-prescribed interventions at any of our neighborhood branches nationwide”, said Ph. Lim En Ni, Chief Pharmacist and Engagement Director of Alpro Pharmacy.

About Angsana Health

Established as a digital health startup in 2023, Angsana Health has grown into a licensed Managed Care Organization (MCO) via its subsidiary MiyaCare Sdn Bhd (acquired 2026). Today, Angsana and its subsidiaries provide comprehensive corporate health and digital health solutions in Malaysia and the Philippines. Angsana delivers Health Plans for SMEs and the gig economy in Malaysia, alongside digital health programs for weight loss, diabetes treat-to-target, and metabolic health. Anchored by AngsanaOS and the Angsana Health App, these services integrate Preventive, Primary, Digital, and Hospital Care. Angsana Health is the first and only MCO in the country to feature a GP Advisory Board and value-based healthcare.

About Alpro Pharmacy

With a humble beginning starting with a single pharmacy outlet in the small town of Port Dickson in 2002, Alpro Pharmacy is now a diversified community chain pharmacy that provides comprehensive primary healthcare solutions via over 300 outlets including Alpro Pharmacy, Alpro Clinic, Alpro Physio and Alpro Baby, both online and offline, nationwide. It is supported by a team of more than 650 healthcare professionals, ranging from doctors, pharmacists, nutritionists, dietitians to physiotherapists and many other healthcare professionals.

Serving more than 3 million families in Malaysia, Alpro Pharmacy is the first and only community pharmacy in the country to provide RM1 million product liability insurance to safeguard the supply of genuine medications. With over 500,000 prescriptions filled per year, Alpro Pharmacy is also the largest prescription pharmacy chain in Malaysia.
